

DEPARTMENT OF PHYSICS

Joseph Reiner, Ph.D.

Professor and chair

physics.vcu.edu (<http://www.physics.vcu.edu>)

The Department of Physics offers programs leading to the Bachelor of Science in Physics and the Master of Science in Physics and Applied Physics. The department also offers an accelerated B.S.-M.S. program that allows students in the baccalaureate program to take graduate courses that will count toward the M.S. in Physics and Applied Physics degree.

Students who complete the requirements for this degree will receive a Doctor of Philosophy in Nanoscience and Nanotechnology.

- Nanoscience and Nanotechnology, Doctor of Philosophy (Ph.D.) (<https://bulletin.vcu.edu/graduate/college-humanities-sciences/physics/nanoscience-nanotechnology-phd/>)

Students who complete the requirements for this degree will receive a Master of Science in Physics and Applied Physics.

- Physics and Applied Physics, Master of Science (M.S.) (<https://bulletin.vcu.edu/graduate/college-humanities-sciences/physics/physics-applied-physics-ms/>)
