University policies and procedures

A number of policies and regulations at VCU affect students, and many of these are printed in the general information chapters of this bulletin. Two policy documents are of particular interest to students.

- **VCU Student Code of Conduct**: outlines the responsibilities of student conduct from the time of application for admission through the actual awarding of their degree
- **VCU Honor System**: defines academic dishonesty and provides a procedure for judging alleged violators of academic integrity

Each student is responsible for being familiar with the provisions of all university policies and regulations. The policy documents described above are available in the VCU Policy Library (https://policy.vcu.edu/), which is an excellent online resource.
