# SOCIAL WORK, MASTER OF (M.S.W.)/NONPROFIT MANAGEMENT, CERTIFICATE IN (POST-BACCALAUREATE GRADUATE CERTIFICATE) [DUAL DEGREE AND CERTIFICATE]

Advanced study in social work and nonprofit management is available through a dual degree program co-sponsored by the School of Social Work and the L. Douglas Wilder School of Government and Public Affairs.

The program allows students to earn a Master of Social Work and Certificate in Nonprofit Management with a minimum of 63-66 (SWAPPP and clinical concentrations, respectively) credits rather than the 75 credits necessary if the two degrees were pursued separately. This efficiency lowers the overall cost of tuition while also reducing time to earn both degrees.

### **Program goals**

The objectives of this dual degree and certificate program are to:

- Prepare graduates to understand the nonprofit sector's relationship to the for-profit and government sectors
- Develop graduates' knowledge on how to build a fundraising and donor communication plan model
- Prepare graduates to understand how to budget and evaluate the financial management practices of nonprofit organizations
- Prepare graduates to have the skills to analyze and implement laws impacting nonprofit organizations and their governance

Among the many benefits offered by participation in the dual degree and certificate program are the following:

 Graduates holding these degrees will gain knowledge and skills in nonprofit governance, management, fundraising, and program development and evaluation, which they will need to become leaders and change agents in this rapidly growing sector.

The nonprofit management certificate must be conferred prior to or during the same semester as the M.S.W. conferral. Students receive both degrees upon graduation from VCU.

# **Student learning outcomes**

See the individual program pages for student learning outcomes.

# Other information Advising

The student is assigned an adviser from each program to develop a plan of study. Advisers coordinate regarding program curriculum as appropriate. M.S.W. advisers guide students to understand the plan of study and to advise on elective courses for clinical students and are encouraged to meet with advisers within the Wilder School.

### **Admission requirements**

Students must meet the admission requirements for each program. Admission into one program does not guarantee admission into the other. See the individual program pages for admission deadlines and other requirements, as they may vary by concentration.

To view a list of the **current admission deadlines**, visit the School of Social Work's website.

### **Application procedures**

To enroll in the Certificate in Nonprofit Management simultaneously with the M.S.W., students must complete a graduate application for the certificate program and pay the required fee to Graduate Admissions; however, no supporting information is required for students who are already enrolled in good standing in the M.S.W. program.

Applicants will need to **complete an online application through Graduate Admissions**, pay the application fee and submit a personal statement expressing their interest in the program and indicating that they are currently in the M.S.W. program. Students may **email the Graduate School** to arrange for references, resume/CV and transcripts already on file from the M.S.W. program to be added to the application.

### **Dual degree and certificate requirements**

As standalone programs, the M.S.W. comprises 60 credits while the certificate requires 15 credits. The dual degree and certificate program allows students to share 12 credits in the administration, planning and policy concentration, therefore decreasing total credits to completion from 75 to 63. Students in the clinical practice concentration share nine credits with the certificate, decreasing total credits to completion from 75 to 66.

In the dual degree and certificate program, these courses within the M.S.W. satisfy requirements in the certificate:

Course	ritie	Hours
Social work genera PADM 650	list courses satisfy certificate requirement	3
SLWK 602 & SLWK 606	Policy, Community and Organizational Practice I and Policy, Community and Organizational Practice II	

Social Work Practice in Organizations and

Communities for Advanced-standing Students

3

Social work administration, planning and policy practice concentration courses satisfy certificate elective credits <sup>1</sup>

	,
SLWK 711	Strategies for Social Work Planning and Administrative Practice
or SLWK 712	Social Work Planning and Administrative Practice I
or SLWK 713	Social Work Planning and Administrative Practice
	II

Certificate courses	satisfy M.S.W. electives	6
PADM 656	Fund Development for the Nonprofit Sector	
PADM 659	Financial Management for Nonprofit Organizations	

Total Hours 9-12

1

or SLWK 608

Hours

The clinical practice concentration courses do not satisfy any certificate requirements, thus shares only nine credits in the dual degree and certificate program.
