

PROGRAMS

Both entry- and advanced-level undergraduate, graduate, professional and certificate programs are offered by the College of Health Professions. University and accreditation requirements for the individual programs guide the establishment of general admission prerequisites and course and degree requirements. Regulations and procedures for each program are outlined in these bulletins and are intended to ensure the selection of applicants whose motivation, ability, character and health status qualify them to pursue their program of study successfully.

Programs currently offered by this college and the degrees conferred on their graduates are:
