

UNDERGRADUATE INFORMATION

Preparatory study for health sciences

University Academic Advising administers programs in preparation for admission into health sciences programs. For detailed information on the pre-health major in medical laboratory sciences (<https://bulletin.vcu.edu/undergraduate/college-humanities-sciences/prehealth-majors/medical-laboratory-sciences/>), see the UAA section of this bulletin, which also includes detailed information on the pre-health major in radiation sciences (<https://bulletin.vcu.edu/undergraduate/college-humanities-sciences/prehealth-majors/clinical-radiation-sciences/>).
