UNDERGRADUATE INFORMATION

Preparatory study for health sciences

University Academic Advising administers programs in preparation for admission into health sciences programs. For detailed information on the pre-health major in clinical laboratory sciences (http://bulletin.vcu.edu/undergraduate/undergraduate-study/academic-advising/prehealth-majors/clinical-laboratory-sciences), see the UAA section of this bulletin, which also includes detailed information on the pre-health major in radiation sciences (http://bulletin.vcu.edu/undergraduate/undergraduate-study/academic-advising/prehealth-majors/clinical-radiation-sciences).
