FASHION, BACHELOR OF FINE ARTS (B.F.A.) WITH A CONCENTRATION IN FASHION DESIGN

The fashion design curriculum offers technical and design courses that provide skills required in the fashion industry. Individual designs are presented in two-dimensional form, developed and perfected through techniques used in the fashion industry, and then executed in final and three-dimensional form in fabrics appropriate to the design. Junior design students are encouraged to complete internships in the fashion industry in New York City. Internships provide not only experience but industry contacts, and are strongly recommended. They may be conducted primarily during the summer semester.

Study abroad programs are readily available for fashion design majors.

Student learning outcomes

Upon completing this program, students will know and know how to do the following:

1. Utilize problem-solving skills: Apply investigative and research skills in the completion of studio projects
2. Implement industry-standard computer technology
3. Demonstrate professional visual and oral presentation skills
4. Understand the global nature of the fashion industry

Special requirements

Sophomores are required to purchase departmentally approved dress forms.
