ACCOUNTING, BACHELOR OF SCIENCE (B.S.)

The major in accounting is designed to prepare students for entry-level positions in accounting. This program will qualify graduates to sit for the Uniform Certified Public Accountant Examination in Virginia. However, certification requires 150 hours of college credits. Most public accounting firms give hiring preference to applicants who have completed the full 150 hours prior to starting work.

This degree program can be completed either on campus or fully online. Students interested in the online format should contact a School of Business recruitment counselor at ugbrecruit@vcu.edu for more information.

Student learning outcomes

Upon completing this program:

• Graduates will demonstrate a broad base of knowledge across accounting topics and apply that knowledge in a variety of contexts.

• Graduates will demonstrate an understanding of the core business and strategic concepts involved in accounting.

• Graduates will demonstrate the ability to identify and communicate accounting ethical issues; evaluate information in a manner free of distortion, personal bias or conflicts of interest; recognize situations where professional ethical standards apply; respect confidentiality.

• Graduates will demonstrate the ability to effectively communicate ideas and analysis of accounting problems. Graduates can demonstrate this ability either in writing or in oral presentations (e.g., writing memos, thought papers or other types of business correspondence; presenting case analyses; etc.).

The admission requirements for the School of Business (http://bulletin.vcu.edu/undergraduate/business/undergraduate-information/academic-policies/) detail the deadlines and other requirements for students to be admitted to one of these major programs of study. The following courses must be completed before the student may declare a specific business major: ACCT 203, ACCT 204, BUSN 201 or BUSN 205, BUSN 212 or MATH 200, BUSN 225, ECON 210, ECON 211, UNIV 111, UNIV 112 and UNIV 200.

The School of Business has special academic policies (http://bulletin.vcu.edu/undergraduate/business/undergraduate-information/academic-policies/), including policies on transfer credits, that apply to all upper-level degrees.

All baccalaureate degree programs in the School of Business require successful completion of the business knowledge exam as administered in BUSN 499.

Students may need to take additional mathematics courses as prerequisites to BUSN 212 or MATH 200. These credits will count as open electives in the degree program.

No more than six credits from the BUSN 16X Digital Literacy courses may be applied to the degree. No more than four credits in physical education courses may be applied to the degree.

INTL 493 may not be counted toward a business degree.

Credit for SPCH 121 or SPCH 321 will substitute for BUSN 225, and no more than three credits of these courses may be applied toward a business degree. Students who earned a minimum grade of B in either ECON 203 or ECON 205 at VCU may substitute that credit for ECON 210.

The pass/fail grading policy may not be used for many course requirements. Students should check with their academic adviser before taking the pass/fail grading option.

All upper-level accounting courses with a prerequisite course require a minimum grade of C in the prerequisite course and the following must be fulfilled:

• Students must have received a minimum grade of C in all required accounting courses.

• Required accounting courses in which students earn a grade of D or F must be repeated.

• Students must achieve a 2.5 GPA in upper-level ACCT courses to graduate.
