BUSINESS, BACHELOR OF SCIENCE (B.S.) WITH A CONCENTRATION IN MANAGEMENT/INTERNATIONAL MANAGEMENT

The activity of management is concerned with setting an organization's strategic goals and formulating processes to achieve them. Managers carry out their administrative roles by handling such duties as preparing and administering budgets, planning and directing operations, and coordinating employees' activities.

The management/international management concentration allows students to pursue an interest in the global nature of today's business world. A variety of opportunities for international study within and outside the university are available. Students in the management/international management concentration are encouraged to enrich their learning experience by pursuing a minor in international studies or foreign language, studying abroad through the Consortium International University or taking approved courses outside the School of Business.

Learning goals
The goal of the curriculum for the management concentration is to prepare students for careers that require general skills in business and management.

Learning outcomes
Upon completing this program, students will know and know how to do the following:

1. Prepare a written analysis of situations requiring managerial decision-making
2. Use advanced quantitative reasoning and statistical ability
3. Understand the basic functions and responsibilities of human resource management
4. Evaluate the international business environment and explain the challenges facing multinational firms
5. Work with small firms, start up a small firm and understand entrepreneurial concepts useful in organizations of any size

Special requirements

The admission requirements for the School of Business (http://bulletin.vcu.edu/undergraduate/business/undergraduate-information/academic-policies) detail the deadlines for students to be admitted to the advanced business program with a major in the school. At least 30 hours of the required business courses for the Bachelor of Science must be taken at VCU.

Students may need to take additional mathematics courses as prerequisites to SCMA 212 or MATH 200. These credits will count as electives in the foundation program. The sample curriculum outline includes SCMA 171 since many of our students will need to complete this course.

The INFO 160, INFO 161, INFO 162 and INFO 166 requirements may be waived upon successful completion of a Knowledge Equivalency Test administered by the Office of Undergraduate Studies. No more than two additional credits may be applied to the degree from the INFO 16x series.

No more than four credits in physical education courses may be applied to the degree.

INTL 493 may not be counted toward a business degree.
