

INTERDISCIPLINARY DEGREE PROGRAM IN SCIENCE

Charlene D. Crawley, Ph.D.
Coordinator

[has.vcu.edu/science](http://www.has.vcu.edu/science/) (<http://www.has.vcu.edu/science/>)

The interdisciplinary program in science provides students with a broad, yet fundamental, grounding in the sciences. In addition to the spectrum of required mathematics and science courses, students select a concentration from biology, chemistry, physics or professional science.

Students completing this curriculum earn a Bachelor of Science in Science.

For information concerning the program and advising, students should contact the program coordinator or their academic adviser.

Students who complete the requirements for the below will receive a Bachelor of Science in Science.

- Science, Bachelor of Science (B.S.) with a concentration in biology (<https://bulletin.vcu.edu/undergraduate/college-humanities-sciences/interdisciplinarydegreeprograminscience/science-bs-concentration-biology/>)
- Science, Bachelor of Science (B.S.) with a concentration in chemistry (<https://bulletin.vcu.edu/undergraduate/college-humanities-sciences/interdisciplinarydegreeprograminscience/science-bs-concentration-chemistry/>)
- Science, Bachelor of Science (B.S.) with a concentration in physics (<https://bulletin.vcu.edu/undergraduate/college-humanities-sciences/interdisciplinarydegreeprograminscience/science-bs-concentration-physics/>)
- Science, Bachelor of Science (B.S.) with a concentration in professional science (<https://bulletin.vcu.edu/undergraduate/college-humanities-sciences/interdisciplinarydegreeprograminscience/science-bs-concentration-professional-science/>)
