

CRIMINAL JUSTICE, BACHELOR OF SCIENCE (B.S.) WITH A CONCENTRATION IN FORENSIC CRIME SCENE INVESTIGATION

Amy Cook, Ph.D.

Associate professor and program chair

The major objective of this degree program is to prepare students for effective professional careers in criminal justice, forensic crime scene investigation, public service and other helping professions, and/or prepare them to pursue studies in law and other related graduate programs. Career opportunities are available in federal, state, local and private justice-related endeavors. These careers include law enforcement, crime scene investigation, juvenile justice, corrections and the courts.

This program also prepares students to enter law school or to pursue graduate studies in criminal justice or in several of the human services fields, usually related to justice. This program offers and encourages in-service justice employees and others to enhance their professional career development through higher education.

Students majoring in criminal justice receive a broad educational background, professionally oriented courses in their special area of interest and various skill courses designed to enhance their career opportunities. Through core courses and electives in the major, students have the opportunity to orient their course work to fit their educational objectives and career plans.

It is essential that students seek and follow the advice of an adviser in the progression of the core courses, the selection of criminal justice electives and in the identification of complementary courses in other disciplines that can benefit the student and assist in the accomplishment of career goals. Whether the student is interested in general criminal justice, policing, crime scene investigation, legal studies, juvenile justice or corrections, faculty and advisers can assist in identifying the appropriate curriculum.

This concentration is offered for those students who are interested in careers in crime scene investigation at the local, state or federal levels.

Accelerated B.S. and M.P.A.

The accelerated B.S. and M.P.A. program allows qualified students to earn both the B.S. in Criminal Justice and Master of Public Administration in a minimum of five years by completing approved graduate courses during the senior year of their undergraduate program. Students in the program may count up to 12 hours of graduate courses toward both the B.S. and M.P.A. degrees. Thus, the two degrees may be earned with a minimum of 144 or 147 credits rather than the 156 or 159 credits necessary if the two degrees are pursued separately.

Students holding these degrees are prepared for effective careers in public service related to criminal justice policy, especially forensic crime scene investigation, by broadening and refining their understanding of criminal justice and organizational and management issues. Students become prepared to apply theory to practice as professional public managers, public officials and citizens who are able to meet the challenges of public service in both government and nonprofit sectors and serve the profession and local, state, federal and international communities.

Entrance to the accelerated program

Interested undergraduate students should consult with their adviser as early as possible to receive specific information about the accelerated program, determine academic eligibility and submit (no later than two semesters prior to graduating with a baccalaureate degree, that is, before the end of the spring semester of their junior year) an Accelerated Program Declaration Form to be approved by the graduate program director. Limited spaces may be available in the accelerated program. Academically qualified students may not receive approval if capacity has been reached.

Minimum qualifications for admittance to the program include completion of 90 undergraduate credit hours including CRJS 181, CRJS 253, CRJS 254, CRJS 320, CRJS 355, CRJS 370, CRJS 373 and CRJS 380; an overall GPA of 3.0 and a GPA of 3.5 in criminal justice course work. Successful applicants would enter the program in the semester following completion of their 90th credit hour.

Once enrolled in the accelerated program, students must meet the standards of performance applicable to graduate students as described in the "Satisfactory academic progress (<http://bulletin.vcu.edu/>)

academic-regs/grad/satisfactory-academic-progress/)” section of the Graduate Bulletin, including maintaining a 3.0 GPA. Guidance to students in an accelerated program is provided by both the undergraduate criminal justice adviser and the faculty adviser to the Master of Public Administration program.

Admission to the graduate program

Entrance to the accelerated program enables the student to take the approved shared courses that will apply to the undergraduate and graduate degrees. However, entry into an accelerated program via an approved Accelerated Program Declaration Form does not constitute application or admission into the graduate program. Admission to the graduate program requires a separate step that occurs through a formal application. In order to continue pursuing the master’s degree after the baccalaureate degree is conferred, accelerated students must follow the admission to graduate study requirements outlined in the VCU Bulletin. One of the required reference letters must be from a criminal justice faculty member.

Degree requirements

The Bachelor of Science in Criminal Justice degree will be awarded upon completion of a minimum of 120 credits and the satisfactory completion of all undergraduate degree requirements as stated in the Undergraduate Bulletin.

A maximum of 12 graduate credits may be taken prior to completion of the baccalaureate degree. These graduate credits substitute for upper-level electives for the undergraduate degree. These courses are shared credits with the graduate program, meaning that they will be applied to both undergraduate and graduate degree requirements.

The graduate public administration courses that may be taken as an undergraduate, once a student is admitted to the program, are 12 credits from the following:

Accelerated B.S. and M.S.

The accelerated B.S. and M.S. program allows qualified students to earn both the B.S. and M.S. in Criminal Justice in a minimum of five years by completing approved graduate courses during the senior year of their undergraduate program. Students in the program may count up to six hours of graduate courses toward both the B.S. and M.S. degrees. Thus, the two degrees may be earned with a minimum of 144 credits rather than the 150 credits necessary if the two degrees are pursued separately.

Students holding these degrees are prepared for effective careers in criminal justice, forensic crime scene investigation, public service and other related professions by broadening and refining their understanding of criminal justice and criminological issues. Students learn to critically analyze criminal justice and criminological research, discuss criminal justice issues and policies using evidence from empirical studies, and frame major issues related to the field in diverse sociocultural contexts.

Entrance to the accelerated program

Interested undergraduate students should consult with their adviser as early as possible to receive specific information about the accelerated program, determine academic eligibility and submit (no later than two semesters prior to graduating with a baccalaureate degree, that is, before the end of the spring semester of their junior year) an Accelerated Program Declaration Form to be approved by the graduate program

director. Limited spaces may be available in the accelerated program. Academically qualified students may not receive approval if capacity has been reached.

Minimum qualifications for entrance to this accelerated program include completion of 90 undergraduate credit hours including CRJS 355 and CRJS 380, an overall minimum GPA of 3.5 and a minimum GPA of 3.5 in criminal justice course work. Additionally, one of the required reference letters must be from a criminal justice faculty member. Successful applicants would enter the program in the semester following completion of their 90th credit hour.

Once enrolled in the accelerated program, students must meet the standards of performance applicable to graduate students as described in the "Satisfactory academic progress (<http://bulletin.vcu.edu/academic-regs/grad/satisfactory-academic-progress/>)" section of the Graduate Bulletin, including maintaining a 3.0 GPA. Students who do not maintain a 3.0 GPA in the graduate-level classes will no longer be eligible for the accelerated program and may not take any additional graduate-level classes while pursuing the bachelor's degree. Students will not begin their first semester of only graduate courses until the bachelor's degree has been conferred. Guidance to students admitted to the accelerated program is provided by both the Wilder School undergraduate academic advisor and the senior academic advisor from Graduate Student Services and Advising.

Admission to the graduate program

Entrance to the accelerated program enables the student to take the approved shared courses that will apply to the undergraduate and graduate degrees. In order to continue pursuing the master's degree after the baccalaureate degree is conferred, accelerated students must follow the admission to graduate study requirements outlined in the VCU Bulletin. Three reference letters are required with one of the letters coming from a criminal justice faculty member.

Degree requirements

The Bachelor of Science in Criminal Justice degree will be awarded upon completion of a minimum of 120 credits and the satisfactory completion of all undergraduate degree requirements as stated in the Undergraduate Bulletin.

A maximum of six graduate credits may be taken prior to completion of the baccalaureate degree. These graduate credits substitute for the upper-level electives for the undergraduate degree.
