

## MEDICINE (MEDI)

---

### **MEDI 694. Pediatric Psychology Practicum. 1-3 Hours.**

Semester course; one-half day per credit. 1-3 credits. Available only to graduate students in clinical or counseling psychology that are approved by the instructor. A series of training experiences designed to facilitate skill development in pediatric psychology and enhance effectiveness as a pediatric psychologist working within a medical setting. Trainees are given an opportunity to apply and practice diagnostic interviews, patient education, brief consultations and diagnostic and therapeutic skills with a pediatric population. Students will learn to effectively communicate and function as part of an interdisciplinary team in an academic medical setting. Careful supervision and evaluation of the student is provided.

### **MEDI 695. Independent Study in Health Psychology. 1-3 Hours.**

Semester course; 1-3 contact hours. 1-3 credits. Approval from faculty member required. Provides the opportunity for students to explore a special topic of interest in the area of health psychology under the direction of a faculty member. A proposal for a topic of study and anticipated timeline for completion must be submitted to and approved by the faculty mentor; credits will be assigned commensurate with the complexity of the project. Arrangements are made directly with the appropriate faculty member. Graded as S/U/F.
