EDUCATION, DOCTOR OF PHILOSOPHY (PH.D.) WITH A CONCENTRATION IN ART EDUCATION

Program goal
The art education concentration allows students to connect contemporary art and education theories and philosophies, practical and professional experiences, and impact research to develop an area of expertise relevant to the field of art education. The program distinguishes itself by integrating urban community engagement, digital and emerging media, and research and assessment in diverse settings. Graduates will be highly qualified to serve in teaching, research and leadership positions at universities and in arts and education organizations.

Student learning outcomes

Education core outcomes
1. Knowledge of foundations of educational research and design: Students will demonstrate an appropriate level of knowledge of theoretical and social issues of scholarly inquiry, policy and ethics of educational research and will demonstrate an appropriate level of knowledge and skills essential to designing, conducting and interpreting qualitative and quantitative design research.

2. Application of leadership, research and/or professional skills: Graduates will engage in and practice leadership, research and/or professional skills in a professional placement in a school, agency or corporate setting (e.g., school, agency, corporation).

3. Research design and implementation: Graduates will design and conduct original educational research, including developing novel educational research questions, demonstrating proficiency in selecting the most appropriate study designs, demonstrating proficiency in data collection, analysis and synthesis within the identified theoretical/conceptual framework of study.

4. Oral and written communication skills: Students will demonstrate effective oral communication skills, framing questions appropriately and implementing active listening skills, developing effective presentations with respect to content, organization and appropriate use of language. Students will demonstrate proficiency in academic writing, including writing for publications and presentations.

Art education concentration-specific outcome
1. Students will demonstrate a deep engagement with art education literature, theory and philosophy as evident by their analysis in their culminating research project; show proficiency with at least one research methodology in the arts; and apply their learning and research to community, museum and/or school-based practice in diverse contexts.

Graduation requirements
As graduate students approach the end of their academic programs and the final semester of matriculation, they must make formal application to graduate. No degrees will be conferred until the application to graduate has been finalized.

In addition to the general admission requirements of the VCU Graduate School (http://bulletin.vcu.edu/graduate-study/admission-graduate-study/admission-requirements/), the following represent the minimum requirements for admission:

1. Knowledge of foundations of educational research and design: Students will demonstrate an appropriate level of knowledge of theoretical and social issues of scholarly inquiry, policy and ethics of educational research and will demonstrate an appropriate level of knowledge and skills essential to designing, conducting and interpreting qualitative and quantitative design research.

2. Application of leadership, research and/or professional skills: Graduates will engage in and practice leadership, research and/or professional skills in a professional placement in a school, agency or corporate setting (e.g., school, agency, corporation).

3. Research design and implementation: Graduates will design and conduct original educational research, including developing novel educational research questions, demonstrating proficiency in selecting the most appropriate study designs, demonstrating proficiency in data collection, analysis and synthesis within the identified theoretical/conceptual framework of study.

4. Oral and written communication skills: Students will demonstrate effective oral communication skills, framing questions appropriately and implementing active listening skills, developing effective presentations with respect to content, organization and appropriate use of language. Students will demonstrate proficiency in academic writing, including writing for publications and presentations.

Art education concentration-specific outcome
1. Students will demonstrate a deep engagement with art education literature, theory and philosophy as evident by their analysis in their culminating research project; show proficiency with at least one research methodology in the arts; and apply their learning and research to community, museum and/or school-based practice in diverse contexts.
1. Master’s degree in an appropriate discipline
2. Three letters of recommendation addressing the student’s potential for graduate study in education
3. Statement of intent
4. Transcripts of all previous college work
5. A personal interview and additional writing sample (may be requested)
6. Professional vitae/resume

If an applicant chooses to submit a GRE score, it will be considered holistically with other application materials. If an applicant chooses not to submit a GRE score, that decision will have no impact on the application review.

Please visit the School of Education website for further information.

Degree requirements
In addition to the VCU Graduate School graduation requirements (http://bulletin.vcu.edu/academic-regs/grad/graduation-info/), students are required to complete course work in core and elective courses.

1. Credit hour requirements: Students are required to complete a minimum of 60 credit hours.
2. Grade requirements: Receipt of a grade of C or below in three courses constitutes automatic dismissal from the program. Courses with a grade below C cannot be used to satisfy degree requirements.
3. Externship requirement: Students must complete an approved externship.
4. Examination requirements: Students must pass both a qualifying examination early in the program and a comprehensive examination near the end of the program.
5. Dissertation requirements: Students must complete and defend a research dissertation.
