

DEPARTMENT OF PHARMACOTHERAPY AND OUTCOMES SCIENCE

Dave L. Dixon, Pharm.D., FACC, FCCP, FNLA, BCACP, CDCES, CLS
Professor and chair

The Department of Pharmacotherapy and Outcomes Science is the largest of the three departments at the VCU School of Pharmacy. The focus of the department is pharmacotherapy (the safe and effective use of drugs in humans) and pharmacy administration (evaluation of the social and economic impact of drug therapy in humans and in health care systems).
