

AI STUDIES IN HUMANITIES AND SCIENCES, MINOR IN

The minor in AI studies in humanities and sciences provides an overview of the study of artificial intelligence from perspectives of different disciplines in the humanities and the sciences. It is meant to be accessible to all majors at VCU and designed to be flexible and serve the interests of individual students. The minor consists of a total of 18 credit hours, with a minimum of nine credit hours at the 300 level or higher. Students choosing the minor should expect that not all classes are offered each term. Students must achieve an overall GPA of 2.0 in all courses counted toward the minor.

Some courses have restrictions and/or prerequisites. Students should work with their adviser to plan the best courses for them, including possible overrides.
