APPLIED HUMANITIES, MINOR IN

The minor in applied humanities equips students with the critical thinking, communication, ethical reasoning and cultural literacy skills foundational to humanities disciplines and provides them with transferable, career-related skills relevant to job success in any field. Open to any student regardless of major, the minor demonstrates the applicability of humanities methods and approaches and elevates the value of a degree in any field.

The minor is meant to be accessible to all majors at VCU and designed to be flexible and serve the interests of individual students. The minor consists of a total of 18 credit hours, with a minimum of nine credit hours at the 300 level or higher. Students choosing the minor should expect that not all classes are offered each term. Students must achieve an overall GPA of 2.0 in all courses counted toward the minor.

Some courses have restrictions and/or prerequisites. Students should work with their adviser to plan the best courses for them, including possible overrides.

Course	Title	Hours
Select courses from the list below (including a minimum of nine credits at the 300 level or higher):		18
