# FOREIGN LANGUAGE, BACHELOR OF ARTS (B.A.) WITH A CONCENTRATION IN SPANISH 

worldstudies/languages (https://worldstudies.vcu.edu/academic-programs/foreign-languages/)

In today's world, language learning is more important than ever. The ability to navigate across diverse language, ethnic, racial and cultural borders allows connection with others, helping create a more inclusive and mutually respectful society. Additionally, employers the world over value the communication skills, cultural competence and practical experiences language students acquire through course work, internships, service learning and study abroad. Proficiency in a second language offers special practical benefits: VCU graduates with language skills are among the more qualified candidates for jobs in international businesses, nonprofits and government agencies. They also qualify for jobs as language teachers in schools, where they often serve as role models, mentors and leaders.

VCU's B.A. in Foreign Language curriculum allows students to focus on either one or two languages, including the option to combine their major with other disciplines as they work with advisers to plan for their future careers. VCU course work leads majors to explore cultural traditions and historical developments in various parts of the world, and to pursue applied vocabulary and practices that they can use in real-world situations locally, nationally, globally and virtually. Special effort is made to develop intercultural communication competence.

Becoming a language major is one of the best decisions a student can make! Most will find a seamless transition to VCU from high school or community college programs. Placement testing and the transfer of Advanced Placement, IB and other college-level courses from high school or from a community college can shorten time to degree completion and make it easier for students to pursue dual or double majors and build on minors or certificate programs from across VCU.

## Student learning outcomes

Upon completing this program, students will know how to do the following:

## Foreign language program core outcomes

- Demonstrate oral and aural communication skills in context
- Demonstrate written communication skills
- Demonstrate critical and analytical reading skills
- Demonstrate literary and cultural competency

## Spanish concentration-specific outcomes

- Demonstrate proficiency in speaking, listening, reading and writing in Spanish
- Demonstrate historical, literary and cultural competency in the Spanish-speaking world

## Experiential learning and study abroad

Each student completing a degree program within the School of World Studies is required to complete a World ePass as part of their experiential learning requirement; students are also encouraged to participate in a study abroad program. For more information on the ePass portfolio and
study abroad opportunities, students may visit the overview page for the School of World Studies (http://bulletin.vcu.edu/undergraduate/college-humanities-sciences/school-worldstudies/).

## Special requirements

To earn a Bachelor of Arts in Foreign Language, students must complete at least 39 credits within the major, 33 credits of which must be upperlevel (300-level or above), with a minimum major GPA of 2.25.

All foreign language majors, students transferring credits from study abroad and transfer students who major in a foreign language must include in their target-language course work a minimum of 12 VCU credits. Both credit and distribution requirements (minimum of 11 courses in target language) for the concentration must be satisfied.

Foreign language majors who plan on becoming language teachers in the K-12 school system are required to complete a total of 30 credits of upper level (300- and 400-level) course work in one target language to meet certification requirements.

## Accelerated B.A. and M.S.

The accelerated B.A. and M.S. program allows qualified students to earn both the B.A. in Foreign Language with a concentration in Spanish and M.S. in Business with a concentration in marketing management in a minimum of five years by completing up to 12 credit hours of approved graduate courses during the senior year of their undergraduate program. Students in the program may count up to three credit hours of graduate courses toward both the B.A. and M.S. degrees. Thus, the two degrees

3 may be earned with a minimum of 147 credits rather than the 150 credits necessary if the two degrees are pursued separately.

In their senior year students would also take up to nine credit hours of graduate-level foundations courses, which are prerequisites for the graduate program.

Students holding these degrees will be very competitive due to the combined knowledge and skills in language, culture and business and will be well prepared for success in an increasingly global marketplace.

## Entrance to the accelerated program

Interested undergraduate students should consult with their adviser as early as possible to receive specific information about the accelerated program, determine academic eligibility and submit (no later than two semesters prior to graduating with a baccalaureate degree, that is, before the end of the spring semester of their junior year) an Accelerated Program Declaration Form to be approved by the graduate program director. Limited spaces may be available in the accelerated program. Academically qualified students may not receive approval if capacity has been reached.

Minimum qualifications for entrance to this accelerated program include completion of 90 undergraduate credit hours including WRLD 302 and 21 credits earned at the 300-level in SPAN; an overall GPA of 3.25; and a GPA of 3.0 in the major course work. Students who do not meet the minimum GPA requirements may submit GRE scores to receive further consideration. Students who are interested in the accelerated program should consult with the faculty adviser to the M.S. in Business with a concentration in marketing management program before they have completed 90 credits. Successful applicants would enter the program in the fall semester of their senior year.

Once enrolled in the accelerated program, students must meet the standards of performance applicable to graduate students as described in the "Satisfactory academic progress" section of the Graduate Bulletin, including maintaining a 3.0 GPA. Guidance to students admitted to the accelerated program is provided by both the undergraduate School of World Studies adviser and the faculty adviser to the graduate program.

## Admission to the graduate program

Entrance to the accelerated program enables the student to take the approved shared courses that will apply to the undergraduate and graduate degrees. However, entry into an accelerated program via an approved Accelerated Program Declaration Form does not constitute application or admission into the graduate program. Admission to the graduate program requires a separate step that occurs through a formal application to the master's program, which is submitted through Graduate Admissions no later than a semester prior to graduation with the baccalaureate degree, that is, before the end of the fall semester of the senior year. In order to continue pursuing the master's degree after the baccalaureate degree is conferred, accelerated students must follow the admission to graduate study requirements outlined in the VCU Bulletin. Three reference letters (at least one from a School of World Studies faculty member) must accompany the application.

## Degree requirements

The Bachelor of Arts in Foreign Language degree will be awarded upon completion of a minimum of 120 credits and the satisfactory completion of all undergraduate degree requirements as stated in the Undergraduate Bulletin.

A maximum of 12 graduate credits may be taken prior to completion of the baccalaureate degree. These graduate credits will apply toward open elective credits for the undergraduate degree. Three of these credits, MKTG 672, are shared with the graduate program, meaning that they will be applied to both undergraduate and graduate degree requirements. Nine credits are foundation courses for the graduate program and apply to the undergraduate degree only.

The graduate business courses that may be taken as an undergraduate once a student is admitted to the program - and how they apply - are shown in the table below.

| Course | Title | Hours |
| :--- | :--- | ---: |
| ACCT 507 | Fundamentals of Accounting (graduate <br> foundation; satisfies open elective in <br> undergraduate program) | 3 |
